

Dacorum Compact

A compact for Dacorum Communities

Signing up to the Dacorum Compact

The Dacorum Compact has been created in partnership with statutory, voluntary and community sector organisations. It aims to improve outcomes for the local community through better working together.

Wish to sign up to the Dacorum Compact? Simply read the statement below and complete the form, returning it to CommunityPartnerships@Dacorum.gov.uk

We will promote the Dacorum Compact and encourage other organisations to become signatories. We will aim to improve working between the statutory sector and the voluntary and community sector by following the commitments contained within the Dacorum Compact. We will also aim to raise the profile of the Dacorum Compact by: producing a case study to show good partnership working, taking part in Compact week, and consider making a nomination for the Compact awards.
