Dear Mr Kemp,

Community Infrastructure Levy (Main Modifications) – Dacorum Borough Council

Thank you for your consultation on the above dated 15th July 2014 which was received by email on the same date.

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Natural England notes 'MOD 2' which recommends the inclusion of outdoor sports pitches under the heading of Green Infrastructure and Open Spaces and raises no objection. None of the other amendments appear relevant to statutory purpose so we therefore make a return of '**no comment**'. Should you become aware of anything that you believe may have significant impact on the Natural Environment then please do not hesitate to make contact again.

We would be happy to comment further should the need arise but if in the meantime you have any queries please do not hesitate to contact us.

For any queries relating to the specific advice in this letter only please contact Jamie Melvin on 2497. For any new consultations, or to provide further information on this consultation please send your correspondences to consultations@naturalengland.org.uk.

We really value your feedback to help us improve the service we offer. We have attached a feedback form to this letter and welcome any comments you might have about our service.

Yours sincerely

Mr Jamie Melvin
Planning Adviser
